

As a resident of Wisconsin I am opposed to the Change in the no-call list changes that are being pushed at this time. I DO NOT want anyone calling me, period. I am on a no-call list for that reason. If I have ended business with a company I do not want them to continue to call me after the conclusion of our business, nor do I want their affiliates to be able to contact me. The no-call law in Wisconsin should not be loosened.
